VMDS makes every attempt possible to find forever homes for these dogs. Relocating animals from home to home has a negative effect on animals, therefore, we strive to do it right the first time. Rescue animals in general come with some type of emotional baggage. Since we were not there to see what they have experienced and witnessed, we cannot guarantee you the perfect animal immediately. All animals take patience, time, work, and commitment - some rescue animals may exceed the normal amount that one would expect. By selecting the "I agree" option, you are stating that you understand the mission of this organization; you understand what is expected of you in regard to caring for this animal; and you are ready, willing, and able to make this lifelong commitment to this animal. You agree that you will keep this dog well fed, always have fresh water available, and always provide shelter for this dog.

- I agree.
- I disagree.
- Need more time to consider my options.

By signing, whether electronic or written, and submitting this application to VMDS, I hereby affirm that I have answered the above questions for VMDS to contact the landlord, veterinary, and/or personal references as needed. I understand that providing any false information can be cause for denial of my application. Leaving any questions blank or not filling out this form completely can be cause for the application to be discarded or denied.
